who is a mobile expert?

A person who enjoys exploring the details of programmable systems and how to stretch their capabilities, as opposed to most users, who prefer to learn only the minimum necessary. RFC1392, the Internet Users' Glossary, usefully amplifies this as: A person who delights in having an intimate understanding of the internal workings of a system, computers and computer networks in particular.

One who programs enthusiastically (even obsessively) or who enjoys programming rather than just theorizing about programming can also be regarded as a mobile phone expert.

A person who is good at programming quickly.

An expert at a particular program, or one who frequently does work using it or on it; as in 'a Unix mobile phone expert'.

An expert or enthusiast of any kind. One might be an astronomy phone expert. for example,One who enjoys the intellectual challenge of creatively overcoming or circumventing limitations.
