Detectgeek is a cutting edge [funds recovery firm](#) and we pride ourselves in helping people who have been victims of online or physical scams. There are different kinds of scams and frauds ranging from Cryptocurrency scam, investment scam and other kinds of scams.

If you are a victim of fraud, you may be coping with the aftermath of a compromised identity, damaged credit, and financial loss, as well as a painful range of emotions including anger, fear, and frustration.

The toll of financial fraud may extend well beyond lost money. A study funded by Detectgeek found that nearly two-thirds of fraud victims experience at least one severe emotional consequence—including stress, anxiety, insomnia, and depression.

While full financial recovery may be difficult to achieve, it is critical that you report the crime as quickly as possible. Reporting any financial fraud, no matter how small, helps law enforcement, regulators, and government agencies put a stop to the fraud, prevent the victimization of more consumers, and pursue the criminals committing the fraud which also helps in the Funds recovery process.

It is more than funds recovery. It's about protecting your future financial health and assets and finding ways for you to recover emotionally from the crime.
